Restore our community, restore our Earth!

For April 2021, let's have fun while we participate in activities with a focus on "Restore our community, Restore our earth!" Earth Day. It will be celebrated worldwide on April 22nd. As an annual event it demonstrates support for environmental protection and focuses on educating people about conservation, the importance of climate change and encouraging volunteering for the good of the planet. Additionally, we will host virtually or in person activities for the Easter holiday and share tips to help you spring clean, declutter and organize your home. Join us to help make April beautiful by participating in our events. We would love to see you or hear from you online. Hope to see you soon. Details of events are listed below.
